Qualification of AZDA District Membership:
American Dietetic Association members residing in Arizona are automatically members of the Arizona Dietetic Association. Any person who is a member in good standing of the American Dietetic Association (ADA) is eligible to become a member of an AZDA District. Members may hold membership in more than one district. The districts appreciate your financial support and your attendance at local meetings and events. ADA dues do not include local District association membership. We rely on your dues to provide local activities.
